MOUNTING INSTRUCTIONS

Handcrafted in Greece

A pendant geometric lighting element allowing light to emerge from small leaks and compose a starry night. Set up your own synthesis of Meteoroids by placing them in order and unveil your own harmony-cosmos. Although made of brass, these pendant geometric lights have sculptural folding pattern. Available in chrome, bronze gloss or bronze matt finish.

GEOMETRY

Mariza Galani, inspired by her Greek roots, creates symbolic lighting elements based on geometry and nature that guide people to experience the sense of wholeness and spiritual uplift. Her goal is to generate lightness and not just light through her creations. All of our fixtures are handcrafted in Greece. Each piece is unique and every effort is made to ensure that the final creation will match the product specifications. Slight differences in dimensions, finishes and colors though may be expected and are considered as part of each fixture's uniqueness. All designs are protected under copyright law.
