1x set

pantheism mounting instructions

1.

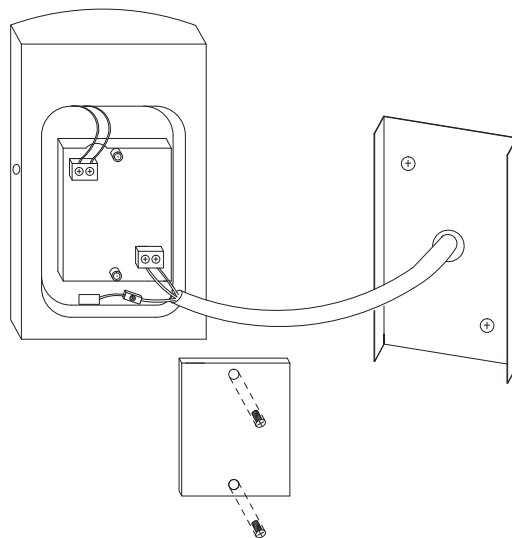

Fix the bracket on the wall.

Handcrafted in Greece

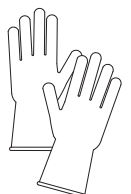

2.

Remove the lid of the driver. Connect the l/n directly to the driver. Connect the ground at the clamp (clamp is in the housing).

3.

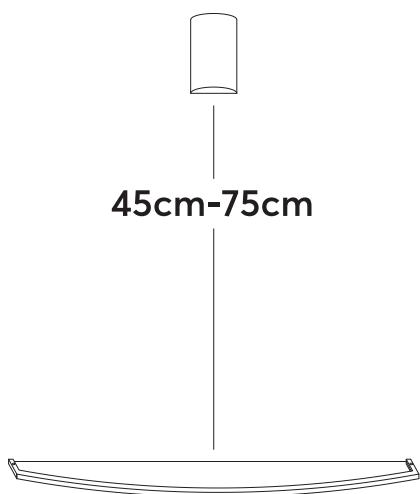

Fix the article on the bracket. Switch on the light.

*Make sure you use the gloves included in the package

pantheism mounting instructions

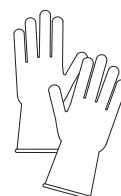

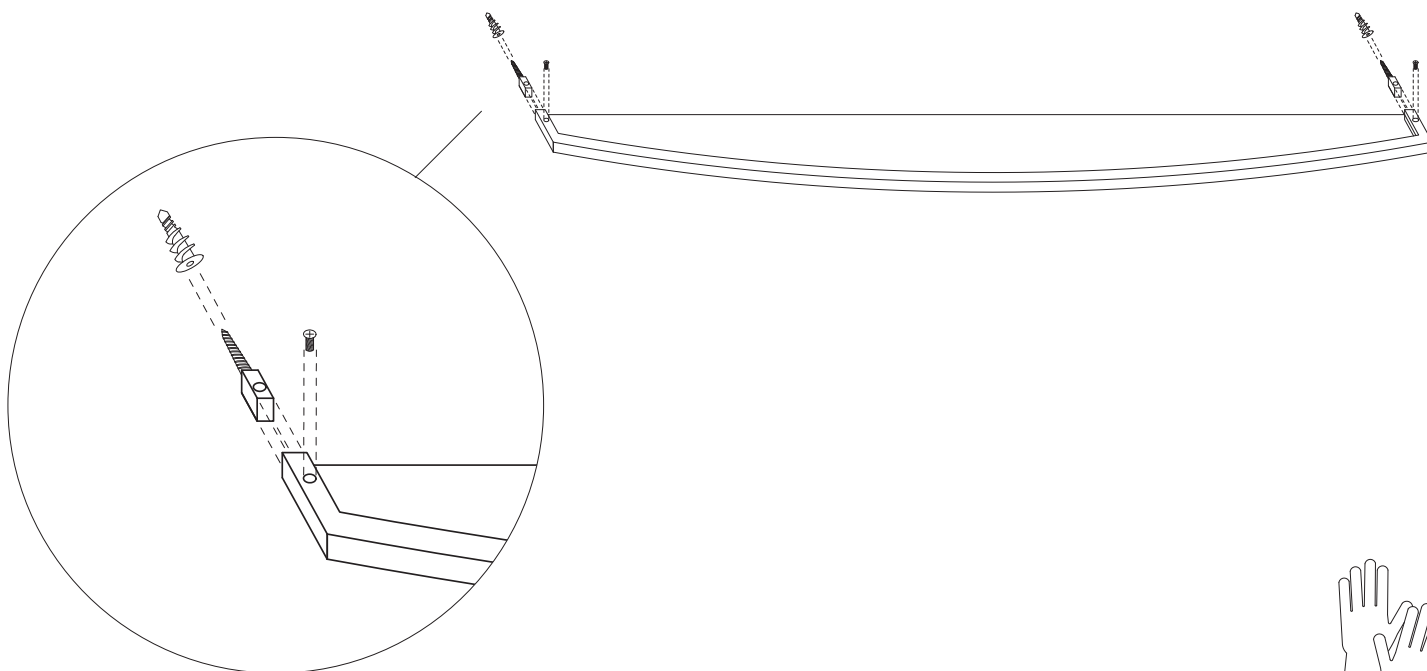

4.

Define the distance between the wall light and the glass surface.
min 45cm
max 75cm

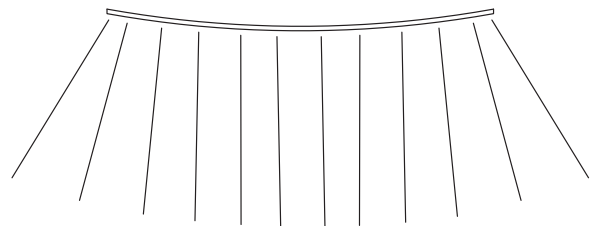

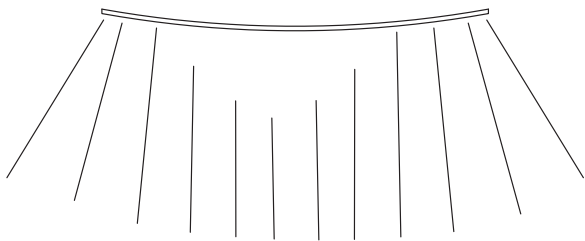

5.

Fix the article on the wall.

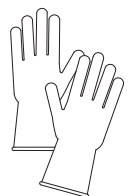

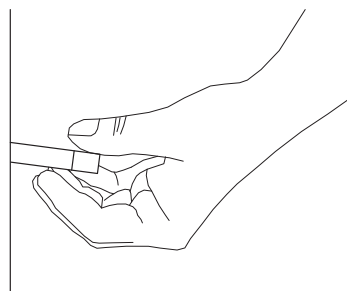

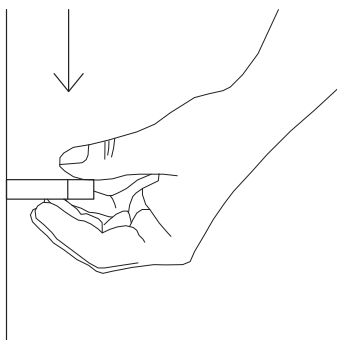

6.

Make sure that the luminaire is perfectly tangent to the drywall.
If not, then the light effect won't be even throughout the glass.

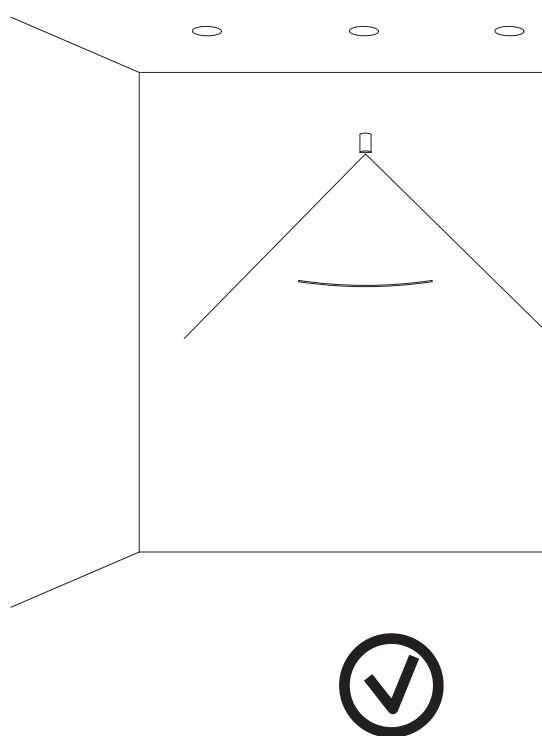

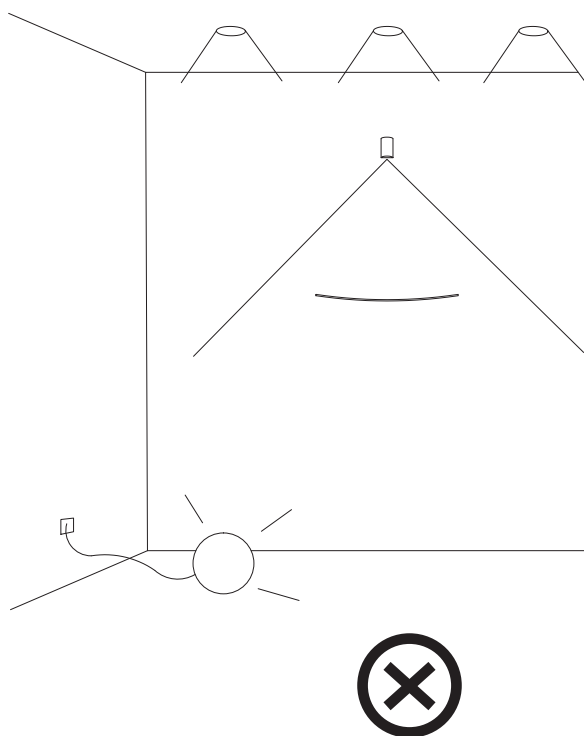

Place downwards with both hands at the edges of the linear brass
and bend down until the light effect is even.

Make sure that you do not press the glass, but only the screws.

7.

Do not place any other light source close to the luminaire and especially at the ceiling. It will be distractive and affect the lighting effect.

*Make sure you use the gloves included in the package

Mariza Galani, inspired by her Greek roots, creates symbolic lighting elements based on geometry and nature that guide people to experience the sense of wholeness and spiritual uplift. Her goal is to generate lightness and not just light through her creations. All of our fixtures are handcrafted in Greece. Each

piece is unique and every effort is made to ensure that the final creation will match the product specifications. Slight differences in dimensions, finishes and colors though may be expected and are considered as part of each fixture's uniqueness. All designs are protected under copyright law.
