MOUNTING INSTRUCTIONS

Handcrafted in Greece

Synapse is the point of absolute contact of two elements.

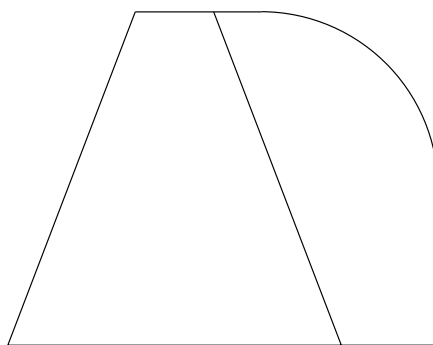

In this luminaire two identical forms stand to each other and only after the two are joint, does the light flows and shines.

This luminaire, a contemporary form of a wall light, represents the power of connection. Made of off-white granular stoneware and glossy brass connects the two seemingly opposite textures into a perfect match. Available in polished gold, chrome and oxidized brass.

synapse mounting instructions for 240V

1.

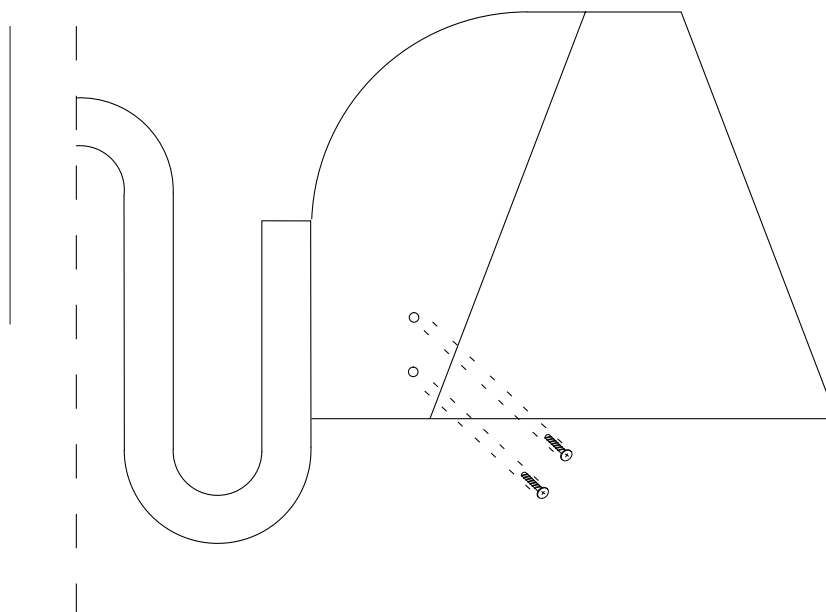

Make sure that the holes on the lower part of both fixtures' wings are on the inner side towards the wall. Connect each luminaire to the mains using a dedicated terminal.

synapse mounting instructions for 240V

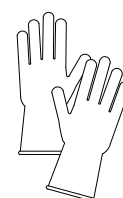

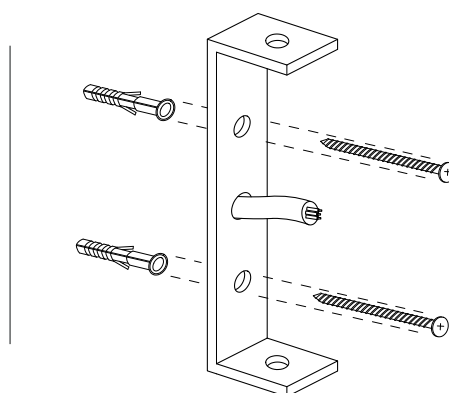

2.

Hang each ceramic housing on the brass bracket and then adjust them by tightening the screws.

3.

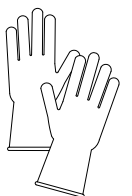

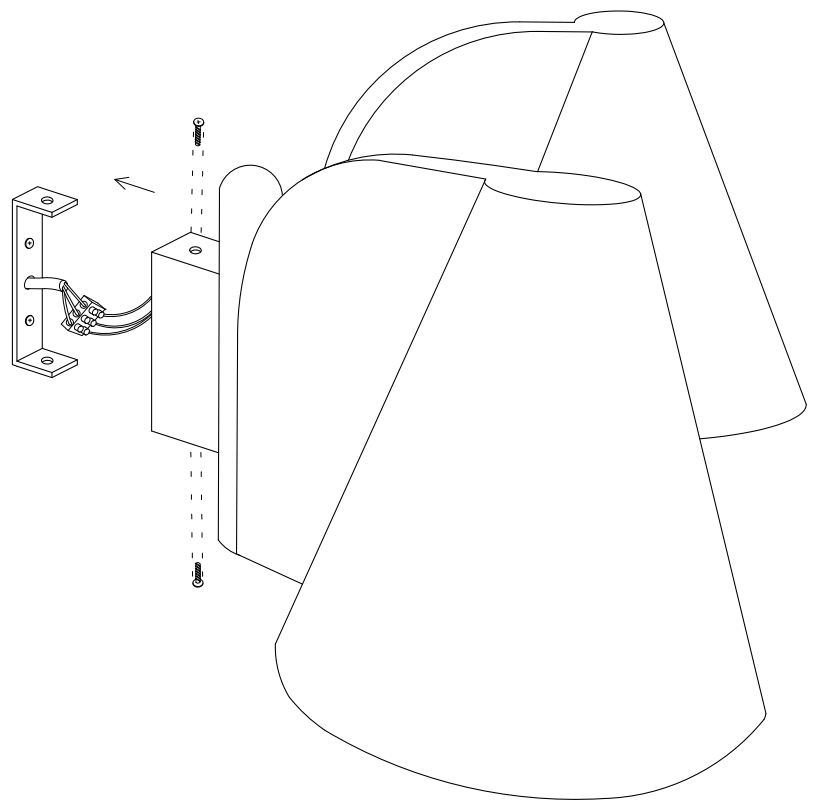

Fasten the fixing bracket on the wall.

synapse mounting instructions for 240V

4.

Hold carefully the luminaire from the brass joint and connect it to the mains. Fix the sconce to the bracket and secure it by screwing it on the top and bottom. Place two E27 bulbs of your choice.

*Make sure you use the gloves included in the package

MARIZA GALANI

LIGHT GEOMETRY

Mariza Galani, inspired by her Greek roots, creates symbolic lighting elements based on geometry and nature that guide people to experience the sense of wholeness and spiritual uplift. Her goal is to generate lightness and not just light through her creations. All of our fixtures are handcrafted in Greece. Each

piece is unique and every effort is made to ensure that the final creation will match the product specifications. Slight differences in dimensions, finishes and colors though may be expected and are considered as part of each fixture's uniqueness. All designs are protected under copyright law.
